JALEN JOSEPH

Jalenjosephsemail@gmail.com | (954)213-9818 | Miramar, Florida | Portfolio Website: Jalentechhub.github.io

SUMMARY

A driven and versatile 11th-grade student with keen interests in cybersecurity, technology, and helping others. Demonstrated the ability to collaborate, lead, and problem-solve through active participation in academic clubs, sports, and volunteerism. Eager to apply skills, explore new ideas, and grow through hands-on service work.

CERTIFICATIONS

- CompTIA Security+
- CompTIA Network+
- CompTIA ITF+
- Cisco Certified Support Technician Cybersecurity
- Cisco Certified Support Technician Networking
- ITS Network Security

PROJECTS

CertiLens — Phishing & Site Safety Checker

Built and deployed a Chrome extension that uses six security engines to detect phishing threats through real-time analysis of domain age, DNS security, site headers, DOM behavior, and homograph attacks.

Credora — CompTIA Study & Practice

Built a responsive study platform for CompTIA A+, Network+, and Security+ exam preparation with organized notes, certification-specific sections, practice questions.

Home Lab SIEM — Security Operations Lab Developer

Built and configured a personal SIEM environment to monitor system activity, analyze security logs, and simulate real-world threat detection and incident response workflows.

Cyber Patriot **Sep 2025 - Jan 2026**

- Coordinated and executed service activities that aligned with school and community demands.
- Organized fundraisers and awareness campaigns that supported charitable causes.

Cyber Security Club (Vice President) **Aug 2024 - Present**

- Worked with club members to design and build cybersecurity-focused projects that promoted student awareness and technical skill development.
- Practiced hands-on security concepts through workshops, labs, and tool-based exercises involving threat analysis and defensive techniques.

Chess Club (Vice President) **Nov 2023 - Present**

- Participated in strategy meetings and evaluated gameplay to improve performance.
- Developed strategic thinking and problem-solving skills through structured gameplay and feedback.

Swimming/Water Polo **Nov 2024 - Present**

- Trained consistently to improve skills and endurance, demonstrating discipline and perseverance.
- Contributed to team growth through collaboration and constructive feedback.

Kiwanis Club of Miramar Pembroke Pines (Volunteer) **Sep 2021 - Present**

- Initiated and assisted with community outreach programs such as park cleanups and food drives.
- Helped facilitate neighborhood projects that encouraged community leadership and participation.

SKILLS

- Network security
- Cybersecurity tools
- Software development basics
- Threat analysis & vulnerability assessment
- Time management
- Strategic thinking
